The first thing that I would recommend that you do, is go to the [Practice Paper Piecing Page](#). When you feel comfy with paper piecing, come on back and try a Lazy Daisy Block! You will need to print out one copy of each template page per block you want to make on very lightweight paper. Fat Quarters will be ample!

First, paper piece all your units. Then either use the templates provided to cut the dark squares and white rectangles you will need, or measure them and rotary cut, which ever you prefer! Now lay out all the pieces as shown at left, and assemble by row, using scant 1/4" seams. Press seams in alternating directions by row Sew the rows together, and there's one Not-So-Lazy-At-All Daisy Block!

The quilt is four blocks by five, in a rainbow of colors! Each block will need a light and a darker in the same color family!

Happy Quilting Folks!

Marcia :o)
