Shirley's Garden Quilt by Jane S.

A close-up photograph of the back of a quilt. The quilt features a repeating pattern of stylized, swirling leaves or vines, created through a quilting technique that gives the fabric a three-dimensional, textured appearance. The pattern is light-colored against a slightly darker background. The quilt is draped over a dark, vertically-slatted wooden surface, which is visible at the top edge of the frame. The lighting is soft, highlighting the intricate details of the quilt's design.
