Sewing Machine Mat Workshop

We will be making mats to put under our Sewing Machines with pockets for tools. See the attached pattern and supply list. Shop the Country Store at our Quilt Show for your fabrics. Buy more if you want a mat wider than 22" for your machine. You will create a small quilt for this mat by quilting it yourself or using pre-quilted fabric. Contrasting Pockets and Binding will be added. You can prepare your quilted piece before the June meeting. Optional ties allow you to convert it into a machine cover. Questions? Contact Ann B.
